Council to leave
Green Tag
unchanged**

View The Proposal!

OSMP wants legislation to destroy the Green Tag program by restricting its participation and increasing sanctions. Participation will be decreased by making the licensing process more onerous and increasing fees. Fear of the costly new sanctions and Byzantine enrollment and reinstatement processes will deter Boulder dog families

from enjoying the outdoors leash-free. Prevent OSMP from destroying this Boulder signature lifestyle asset!

You can prevent these new laws from taking effect by attending the council meetings when OSMP presents their proposal and voicing your opposition in person or by email. First reading was 3.5.2014.

In 'OPEN SPACE BOARD OF TRUSTEES AGENDA ITEM MEETING DATE: April 10, 2013' the police offered the following insights: "The effects and impacts of the tag program are not isolated to OSMP property, as such; the considerations for implementation and revocation should be addressed as a citywide issue. Boulder has clear values and principles for the protection of wildlife and personal safety of the community. It is essential that the city maintain a consistent message that these values are imparted on all property, not just OSMP areas. "

Email Council!

COUNCIL MEETS 04.01.2014

Protest the OSMP anti-dog agenda using your tax dollars against you. Increased fines, greater restrictions, if enacted as legislation, repeal is almost impossible.
